## This Week at Tarago Public School

### Scholastic Book Club

The current Scholastic Book Club catalogue is the final issue for 2019. Please make sure all orders are in by 29th November. Where possible please utilise the LOOP ordering system.

### Assembly

Week 5 Assembly proved to be a winning time for students at Tarago Public School. We had 2 special guests from Tarago CWA Branch who handed the awards for the CWA Country of Study Journals and colouring sheets. Congratulations to Lani Tinson who won best Journal which now goes onto the State competition. Well done Lani !!

Students in years 2-6 were also presented with their Special Swim School Certificates.

### Presentation Evening

Tarago Public School end of year Presentation Evening will be held on Thursday 12th December at the Tarago Hall, 5.30pm for a 6pm start. More information to follow. Please mark the date on your calendar.

### Principal's Report

I am pleased to say that from next year our school will be involved in the Mathsburst project in collaboration with Canberra University. The project aims to improve the students' mathematical understandings through spatial reasoning and promotes STEM practices. By working in partnership with the University our teachers will also be provided with opportunities for professional learning in areas increasingly needed in a rapidly changing technological age.

This year we will be participating in the Year 6 farewell festivities with the TREC schools and this will take place on 13th December. On the 17th December we will be taking all the children to the movies in Goulburn to watch Frozen 2. After that we will have a pizza and donut party in the park with Binda School. Tarago Public School is fully subsidizing this excursion and the purpose of this day is to celebrate the students' achievements over the school year. Information is to follow shortly about both events.

### Miss Michelle Jones

Principal

### Spotted around Tarago PS

- ♦ Celeste for being a helpful friend to Eve by assisting her to put her shoes back on after she had been in the sandpit.
- ♦ Lucy for being inclusive in the playground by letting other students be involved with the artwork she created by using things she found around the playground.

## News from K-2

K-2 have been talking about our school values. This week they have been focusing on respect and what it means to be respectful. They planted plants in our vegetable garden and are continuing to care for their zucchinis. In English we have been focusing on pronouns and improving writing skills. Year 2 are focusing on problem solving and solving multiplication using arrays and multiplication charts.

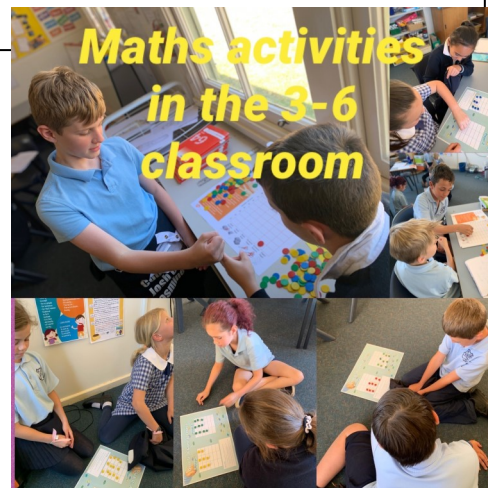

**Mrs Beer**

## News from 3-6

Most of the students in 3-6 have completed their dot painting artwork, which will then be displayed around the classroom. Students are continuing to enjoy participating in reading groups. Each group, of which there are three, read aloud, discuss and interpret different language and features of their text. This week, Stage 2 students have been exploring the relationship between multiplication and division, while Stage 3 investigated the order of operations when calculating mixed operations. To consolidate concepts learned in class, students enjoyed playing some new math's games with a partner. In History, students have been discussing and identifying the importance of The Dreaming, Dreamtime stories and song lines in Aboriginal cultures.
